“ So I met John one morning at a Shoppers in Kitchener. He had just made associate at the store and we opened the pharmacy that morning. I introduced myself and said, "John you know how old you are? That's how long I've been here and I'm still working weekends!" He said, we have to do something about that! And he did at that and so much more! Best boss I had at that store, hands down! You were missed when you left and such a loss now! All the best to Stephanie and the whole family ❤️ may your memories give you strength.

“ John was such a special part of my life growing up. Along with my cousin Derek, I looked up to John as a figure of success, someone to be like and aspire to. When my father passed in 2000, John was by my family's side. He stuck with my mother and always provide a strong shoulder to lean on. He was a big part of my successful transition to university and my heart breaks that he has passed so soon. Although we all went our separate ways and carved out our lives in different parts of the country, John has always been one of the most influential people in my life. I feel blessed to have been able to call him a friend and an inspiration. Rest easy John.
